

Beneteau First 47.7

Description

This Beneteau First 47.7, from the legendary design office of Bruce Farr, was launched in 2000 with the cruising rig and appendage package. She has the more desirable owner's interior layout, which offers a double owner's cabin with en-suite forward, with two further double cabins aft.

With only light seasonal private use she is presented in excellent condition inside and out, and has benefited from a continuous program of maintenance and improvements under the current ownership, including new and unused mainsail, furling genoa and stack pack, professionally fitted Sidepower tunnel bowthruster and updated navigation systems.

She also benefits from a 75hp Yanmar diesel engine, Fisher Panda generator and Spectra watermaker.

Portimao, Portugal. EU VAT PAID
