

## Fairline 36 Turbo

### Description

The Fairline Turbo 36 is a timeless classic that has been enjoyed by boating enthusiasts for decades. Built in 1986, this yacht is a perfect example of Fairline's commitment to build quality, craftsmanship, superb handling and seaworthiness.

SiSi is a spacious and comfortable yacht, with a fly deck and ample room to relax and enjoy the ride. She has 7 berths and 2 heads (both with shower/ electric WC/ hand basin) with forward v-berth double cabin, double and single bunks in saloon and an excellent master double cabin with en-suite shower/WC and full headroom throughout the cabin

Powered by twin Volvo Penta TAMD60C (225hp each) diesel engines, this yacht delivers a smooth and reliable performance that's perfect for long-range cruising. With a cruising speed of around 18 knots and a top speed of 22 knots

SiSi had had much recent expenditure (including a bow thruster) spent on tidying up and refurbishing and making safe for the sea (she has spent much of her life on rivers and has been well looked after)

*The air draught when the radar arch is lowered is 3.55m allowing the boat to pass under low bridges*
