

## Najad 505

### Description

An outstanding example of the Najad 505 from 2008, which has benefitted from extensive recent upgrades, including standing rigging, sails and electronics. She is ready for blue water adventures, with a powerful cutter rig, in-mast furling and powered sail controls for short handed sailing. The generous, safe cockpit is equally suited to offshore adventures and entertaining onboard.

The immaculate interior has the preferred three cabin version, with an ensuite centreline double aft, linear galley, bunk room, vee berth and forward heads. The legendary Najad build quality is evident the moment you step aboard and you are assured of outstanding sea keeping capability.

Please call Paul in our Plymouth office for more details 01752 260086

### Meta Fields
