

## SEALINE T50

### Description

Just arrived to our books – All in excellent condition.

She is a UK spec boat – used in the West Country all her life.

“The Sealine T50 features a sharp bow entry and wide chines that she carries well forward to control lateral stability. Underway air is trapped between the keel and the chines, creating cushions of air to soften the ride. The drive shafts and props are in mini tunnels, so they operate more efficiently in clean water for better manoeuvrability”. The T50 is well documented as offering a fuel efficient ride (compared to other 50 footers).

With a much larger feel than comparable 50 footers, there is a lot of boat/£. Her large mid cabin is very comfortable for the owners suit – guests can enjoy the forward en suite and bunk cabin.

This boat has a crew cabin aft – currently used as a storage area.

We have pictures in high resolution – please call for a copy.

There is a 360 degree tour and a short video – please click the tab at the top of the pictures.

### Meta Fields

**Specs Equipment Information 5 Spec Content :** Large U shaped seating at the back of the flybridge Centre helm position Sunbed to port Navigators seat to starboard Teak laid flybridge Electric induction hob Fridge Sink unit Raymarine E120 - linked to lower helm Raymarine TRIDATA Raymarine autopilot Bow thruster controls Steering compass Fusion stereo system Chain counter fitted to upper helm position Flybridge freshwater wash down

**Specs Equipment Information 5 Spec Title :** FLYBRIDGE

**Specs Equipment Information 4 Spec Content :** LOWER HELM Raymarine E120 radar / chart plotter Raymarine ST6002 autopilot Raymarine ST60 depth Raymarine ST60 log Bow thruster controls Raymarine RAY240E VHF Ritchie steering compass Trim tab controls AIS transceiver
