

## VICTORIA 34

### Description

After the successful Victoria 26, Peter Gregory wanted to develop a new, larger model with increased performance while still holding onto the traditional feel. In conjunction with the designer Chuck Paine, the Victoria 34 was the result and ended up being their flagship yacht. The Victoria 34 is a quality built seaworthy cruising yacht extensively equipped for comfortable long distance cruising or coastal holidays.

'Speedwell' is presented in excellent condition throughout, she has recently been re launched after a full polish, antifoul, deck clean, teak clean, engine and sail service. Recent major works include bow thruster installation, engine overhaul, standing rigging replacement, wind generator and Raymarine autopilot installations.

She is afloat on her mooring in Falmouth Harbour.

Please contact our Falmouth Office for further information or to arrange a viewing.

### Meta Fields
